2017/06 – 2017/07: **Clean Sheets project** consists of an “Excel Stylish” standalone Java application. It was developed with a team of 20 members, which was divided into 3 distinct functional areas. The Scrum framework was adopted together with the Jira software to track issues. Gradle was used as the build system. The continuous integration on a git repository with a single branch was adopted. SonarQube and Jenkins were applied to guarantee the product quality. I developed the real-time worksheets sharing using Berkeley Socket, tagging contacts mechanism, search contacts by tags and macros language with formulas support.

2015/06 – 2015/07: In the internship at Shortcut I have contributed to the **development of the backend of a blog in asp.net** which was integrated with an e-commerce store. The Scrum framework was used.

I do **game development** as a hobby and I have participated in two game jams. One of them I obtained the 3rd place with a local multiplayer platform game which we had to collect power-ups and dodge enemies.

2018/02 – 2018/07, **Internship at Bitmaker Software:** Software Engineer – Creation of a website builder for a CMS using Elixir and Vue.js.

2015/04 – 2015/07, **Internship at Shortcut as Web Developer:** Worked with ASP.NET and Microsoft related technologies, Facebook API, Umbraco.

2013/05 – 2013/07, **Internship at FTP Soluções Informáticas:** Software and Web developer. Worked with C#, PHP, HTML, CSS, and JavaScript.

English level C1 – Professional training from the British Council. Completed 27 hours of language training at ISEP.

I enjoy **traveling** and meet new people and cultures. I’ve visited Poland, France, and Spain.

I love to do **sports**, I’ve practiced karate for over 3 years.

Soft Skills

Teamwork
Flexibility
Autonomy
Assertive
Honest
Competitive

Hard Skills

ASP.NET MVC	200h	VueJS	250h
Transact SQL	50h	React	250h
PL SQL	60h	Elixir	250h
NodeJS	350h	BlockChain	100h
Mongo DB	100h	JavaScript	250h
C#	200h	Docker	50h
Java	250h	Jira	50h
C	100h	Git	300h
SailsJS	100h	Unity5	65h

Others

Design Patterns
Domain-Driven Design
Functional Programming
Apologist of good practices
Driving license cat. B
